A GRAND SUCCESS.

The long-looked for entertainment given by Frankfort Lodge, No. 580, B. P. O. Elks, came off on Friday night last. The Capital Theatre Opera House was packed from pit to dome with as fine an audience as ever assembled in that building.

To say that the affair was a decided success (barring the usual unavoidable delays incident to all amateur performances) is to put it very mildly.

We will not undertake to specify those who did the best work, but will content ourselves with saying that there were a number of performers whose conception and execution of their parts would have done credit to professionals.

We are more than gratified at the financial success which was very pronounced, the net amount realized being some \$450, which will be placed in the charity fund of this benevolent order.

We congratulate the management upon their achievement, and return our thanks to our partial friends for the high compliments they have seen fit to bestow upon the souvenir catalogue, which was issued from the presses of this office, and to which they were kind enough to attribute a considerable share of the success in drawing the big crowd. With

out vanity we may safely say that it was artistic work, well executed.

SWEET CHARITY.

We are glad to note that the entertainment by the students of the City High School, which was given at the Capital City Opera House, on Saturday night, was a delightful success. It was carefully planned, thoroughly rehearsed and well rendered, many of those taking part giving evidence of histrionic talent.

And then the meritorious object for which it was given (the support and comfort of a former pupil of our city schools, who is a helpless cripple) meets the hearty sympathy of all cognizant of the facts.

There was a good audience present, and the rendition was heartily enjoyed.

The net receipts were in the neighborhood of \$100, which will largely help in making its beneficiary comfortable for a considerable time.

A SPLENDID APPOINTMENT.

The Court of Appeals, by a unanimous vote, has appointed Mr. T. Louis Edelin, of this city, as Official Reporter of the Decisions of the Court of Appeals. His appointment becomes effective at

once, the term of Mr. C. C. Turner having expired.

This is a first-class appointment in every way you look at it. Mr. Edelin is an able and conscientious lawyer and a versatile and accomplished writer. We congratulate the Court and our friend upon his selection. The position pays \$1,800 per annum.

WILLIAM AND HANNA PENN.

The dolls dressed in quaker costume to represent William and Hannah Penn, that attracted so much attention at the National Suffrage Bazar, recently held in New York City, have been secured by the Suffrage League of Swarthmore to present to the Historical Library of Swarthmore College.

William and Hannah Penn were both proprietary governors of the colony from the time of its settlement in 1682 until 1712, when he was stricken with illness. Hannah then took up the affairs and administered as governor until William's death in 1717, and after that time until her son became of age.

She was skillful in her management and retained the confidence of the people through financial and political embarrassments.

1874—FEBRUARY 17—1901.

Love is an attribute divinely given. No other gift outlasts old age and time;

It sanctifies each heart for earth and heaven,
And makes us worthy of a life sublime.

And I believe in all the cherished years

Of your devoted troth this mystic bloom

Hath given happiness, and sweet perfume—

In laughter or in tears.

"Two souls with single thought,
Two hearts as one"

Fear not the solemn hour or passing breath;

Love lives for aye and conquers even death—

Through Father, Spirit, Son!

Go hand in hand 'till sound of funeral knell

Shall call the angel who has charge of the

To ring the happy-throated evening bell

Through blest eternity! N. S. COX.

FEMALE CLERKS AND JUDGES.

A woman judge and clerk has been selected to serve in each voting precinct in Kansas City at the primary election to be held on February 12. This is the first time in the history of Kansas politics where women have been chosen to serve in these capacities by the political parties having the selection of these officers. Perhaps this is intended as a rebuke to Mr. Butler, who has brought so much derision upon himself through his attempt to introduce a bill repealing municipal suffrage for women in Kansas.

The Topeka, Kansas, Journal

very significantly asks:—"Is there a motive underlying the rabid persistence of Representative Butler in his efforts to secure the repeal of municipal suffrage for women?"

"In Topeka the influence of women in the election has always been the highest. They can be counted upon to stand for purity and honesty in the administration of public affairs. For this very reason they might be considered a dangerous factor in the political affairs of some cities—they might seriously interfere with the politicians and fixers."

"Have the women of Kansas City dared to cross Mr. Butler's path?"

One amusing circumstance in connection with the death of this bill, even before it had seen the light of day, is the fact that, when the legislatures of Colorado and Wyoming declare almost unanimously their satisfaction with the practical working of woman suffrage, its opponents in other states insisted that these legislatures dared not vote otherwise because they had a constituency of women. Now here in this Kansas Legislature, composed wholly of men, not a woman had a vote in its election; not one could retaliate in any way; with one ballot the Legislature could deprive them of it. If woman suffrage is unsatisfactory why did this bill not get beyond the Judiciary Committee? If the homes are neglected, the children uncared for, the women unsexed, here was a chance to regulate the whole business.

But instead, the members of the Legislature would not even consider the bill, and Mr. Butler was made the butt of ridicule among his coworkers in the Legislature.

We know how terribly exasperating it is to the anti-suffragists to have thus rudely torn from them what at one time they hoped would prove their one argument with which they could completely demolish the suffragists if they should ever dare again to ask for the ballot.

In the year most women have to suffer for a week. At the best this suffering interferes with household activities and social enjoyments. At the worst it shuts the woman in a darkened room or confines her to bed. Most women can be completely cured of irregularity by the use of Dr. Pierce's Favorite Prescription. It regulates the periods, stops enfeebling drains and cures female weakness.

"All praise is due to you for your wonderful 'Favorite Prescription,'" writes Mr. John W. Coffman, Hillsburg, Casey Co., Ky. "My wife suffered with female irregularity, was confined to bed every three weeks. After using two bottles of Dr. Pierce's Favorite Prescription was cured, and has not suffered any derangement since. Your 'Favorite Prescription' is a boon for delicate women."

FRANKFORT, FEBRUARY, 23 1901

"THOU SHALL DO NO MURDER."

That was the text from which Rev. M. B. Adams preached the seventh in the series of sermons on "The Perils of the City," at the first Baptist Church, on Sunday night last. The big church was crowded with people, many turning away when they saw how full the building was.

The preacher was in fine trim, and preached with unusual power, force and directness. He gave the Divine law, with its penalties and exceptions. He then compared that law with human laws bearing on the same crime. He gave the Divine admonition as to cherishing hate and malice, which culminates in murder, showing that God's law goes to the root of the whole matter, and that many a man who goes unwhipped of human law will be condemned when brought before that last and uncorruptible court of final resort.

He condemned, in unmeasured terms, the cowardly practice of carrying concealed deadly weapons, as the great cause of many murders. He besought the large crowd of young men present to throw away these engines of death and instruments of sorrow and suffering, and begged them to unite in an effort to wipe away the stain from the fair name of Kentucky (glorious State that she was) so that she would no more be known as "the dark and bloody ground."

His denunciation of the unprincipled slayers who fatten upon the miseries of others, pack juries with purchased and corrupted jurors in order to secure acquittals of those justly coming under the ban of the law for red-handed murders committed. He denounced assassination as the most horrible of all crimes.

His great panacea for all the ills, public, private and spiritual, was the old fashioned religion of the Lord Jesus Christ, which was first pure, then peaceable, full of good works, always abounding in the work of the Lord.

It was a powerful appeal to the people to discard personal revenge for personal wrongs, a firm and unswerving allegiance to law and right, and a submission of all grievances to the arbitrament of the law as enlightened and controlled by the Divine command. He held the undivided attention of his vast audience to the close. Mr. Adams will close these series of sermons next Sunday night with a discourse on "Infidelity."

TUESDAY'S BIG FIRE.

At 9:22 a. m. on Tuesday an alarm from box 21 called the fire boys to Thompson Bros. livery stable, on Main street, which was found to be a pretty serious fire. The stable was full of vehicles,

horses and provender of all kinds. It was a hard fire to fight, as there was no chance to get at it except from the front. After about an hour and a half's hard battle, the boys got the upper hand and soon made a finish of the job.

The building was pretty well gutted, only the walls and charred timbers being left.

Messrs. Thompson Bros. had about 20 buggies, traps and hacks destroyed; 10 of their horses were burned; all their harness, provender, etc., making their loss some \$5,000.

There were several school children who had come to town and put their horses and conveyances in the stable that morning and some were destroyed.

Mr. Howard Duvall lost his buggy and horse. Mr. Jas. M. Saffell had a bran new buggy, which he had never used, burned. Mrs. Hiram Berry's handsome rockaway was destroyed. Mr. Geo. W. Lewis, jr., of Louisville, had his trap and a fine set of harness burned. Dr. J. S. Collins lost his fine trap. Mrs. Katie Welch lost a fine trap. Dr. H. S. Kellar lost his buggy, which was nearly new. Mr. W. W. Longmoor lost his fine rubber tire buggy.

The building was the property of Miss Carrie Weitzel, and was insured for \$5,000, which will cover the loss.

Thompson Bros. had only \$2,000 insurance to cover \$5,000 loss.

Dr. J. S. Collins had \$100 insurance to cover \$150 loss.

The total loss was about \$12,000 or \$15,000, with insurance of about half that amount.

It was the most serious fire of the winter, and, but for the good work done by the fire laddies, would have done a vast amount of damage.

SERIOUS SHOOTING.

On Tuesday night a difficulty arose between Mr. John W. Cox, jr., and Mr. Bradford Reed, during which Cox shot Reed three times, once in the left arm and twice in the left side above the vest pocket.

It seems that Cox was employed as a section hand on the L. & N. under Mr. Reed. On Saturday night Cox was discharged. The two men met near the turntable, in the L. & N. Yards, on the West Side, and, after some words, the row commenced. Who was in fault we have been unable to learn.

During the fight Cox was badly cut about the head, the gas being about two inches long.

Dr. E. E. Hume was at once called and attended to Reed's injuries, which are very serious.

Cox was arrested and lodged in jail.

But for the fact that a colored man named Polk succeeded in getting the pistol away from young Cox, Reed would have been instantly killed.

RELEASED BUT RE-ARRESTED.

The Reeves brothers, who had been convicts in the local Prison, but who had escaped from the walls and had been returned from Illinois, and whose terms of service had expired except the good time they had won before escaping, sued out writs of habeas corpus before Judge Dan Moore asking a writ of release. The case was heard on Monday and Judge Moore granted the writ, ruling that their good time could not be forfeited.

They were, however, immediately rearrested on a bench warrant from the Franklin Circuit

Court, to serve the additional time for which they became liable by escaping from the walls.

Later—These men were surrendered to Indiana officers to answer an indictment for murder.

"I have always used Foley's Honey and Tar medicine, and think it the best in the world," says Chas. Bender, a newsdealer of Erie, Pa. Nothing else as good. South & Longmoor and W. McKee Hardie

PAINTFULLY HURT.

Does it Pay to Buy Cheap.

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by S. B. Holmes.

DOCTORS

A MOVE IN THE RIGHT DIRECTION.

There is a move on foot in this city and in Lawrenceburg to connect the two places by an electric line. This is a move in the right direction and deserves to succeed.

We understand that the Lawrenceburg people have taken stock to the amount of \$50,000. If their action is met, as it should be in this city, there is no doubt of its becoming a success.

PNEUMONIA CAN BE PREVENTED.

This disease always results from a cold or an attack of the grip, and may be prevented by the timely use of Chamberlain's Cough Remedy. That remedy was extensively used during the epidemics of the gripe of the past few years, and not a single case has been reported that did not recover or that resulted in pneumonia, which shows it to be a certain preventive of that dangerous disease. Chamberlain's Cough Remedy has gained a world wide reputation for its cures of colds and grip. For sale by J. W. Gayle.

HEAD CUT.

While Mr. John (Pigeter) Morris was assisting the firm at the big fire on Tuesday morning, one of the hose nozzles flew out of the hands of those holding it and struck him on the head, inflicting a considerable gash and a painful wound. Surgical attention was given.

W. L. Yanfy, Paducah, Ky., writes: "I had a very severe case of kidney disease and three of the best physicians in Southern Kentucky treated me without success. I was induced to try Foley's Kidney Cure. The first bottle gave immediate relief and three bottles cured me permanently. I gladly recommend this wonderful remedy." South & Longmoor and W. McKee Hardie.

IMPROVEMENT.

The storerooms now occupied by Messrs. R. K. McClure & Son, Nos. 212-214 St. Clair street, are to be extended back No. 212, 35 feet, and No. 214, 78 feet, making the rear walls even. The total depth of the enlarged rooms will be 145 feet, and will give this enterprising firm space enough to accommodate their large and increasing business.

The contract for the foundation was given to Mr. N. I. McDaniell, and the rest of the work to Mr. Lafe Wells. The total cost will be about \$2,000.

DANGER OF COLDS AND LA GRIPPE.

The greatest danger from colds and la gripe is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous malady. It will cure a cold or an attack of la gripe in less time than any other treatment. It is pleasant and safe to take. For sale by J. W. Gayle.

A MISUNDERSTANDING.

Misunderstood symptoms of diseases lead doctors to treat something else when the kidneys are out of order. Foley's Kidney Cure will bring you health when other medicines have failed. Take no substitute. South & Longmoor and W. McKee Hardie.

MUST BE PUSHED.

Now that Congress has appropriated funds sufficient, together with the continuous appropriation, to complete the locks and dams to the Three Forks of Kentucky river, it behooves every one interested to do all they can to push forward the work at as rapid a rate as possible. There has been too much delay about this matter already.

We understand that petitions are being circulated asking the assistance of the Congressman from this District in hastening the work to completion. There is so much at stake, especially to the citizens of this city and county, that we hope every one will sign these petitions that their full weight may be felt by our Representative.

Do this at once and then keep up the agitation on this subject.

TO STOP A COLD.

After exposure, or when you feel a cold coming on, take a dose of Foley's Honey Tar. It never fails to stop a cold if taken in time. Take nothing else. South & Longmoor and W. McKee Hardie.

Mr. Tandy Lee and wife were the guests of their daughter, Mrs. William Rambo, on Sunday last.

Mr. William Florian and family, of Woodlake, passed through our town last Saturday.

Miss Bessie Smith visited Miss Alice and Miss Bessie Lee on Sunday last.

Mr. Howard Duvall was so unfortunate as to have a horse burn up in the Thompson stable at Frankfort.

NOBODY BUT ME.

Millions of people are familiar with DeWitt's Little Early Risers, and those who use them find them to be famous little liver pills. Never gripe. South & Longmoor and W. McKee Hardie.

WHY NOT?

We have been watching and waiting for some one to assign a sensible reason for the City Council's failure to grant the Frankfort and Suburban Railway the privilege of hauling cars of freight to the Hermitage Distillery and the right of way to the switch yard on the West Side. That privilege was granted to haul to the O. F. C. and Kentucky Distilleries several years ago, and we have heard no complaint from any one. Then why not increase the privileges of this company? They have been struggling along, under all sorts of adverse conditions, to give us what we ought to have in the way of rapid transportation, and to show to the outside world that our city is a live town.

The company deserves and needs better treatment at the hands of every body. Let the road stop running once more and then those who oppose the granting of these privileges will be the first and loudest in their condemnation.

A FAMILIAR FALSEHOOD.

When a customer seeks to purchase some well-known, widely advertised, standard article, and the dealer tries to sell him something else containing the offered substitute to be "just as good," that dealer is guilty of flagrant falsehood.

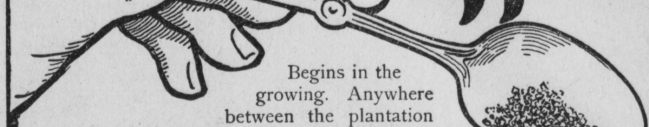

If the substitute were just as good it would sell on its own merit and would be called for by customers instead of having to be unloaded upon them by means of falsehood and deceit.

The very fact of the comparison "just as good," proves the claim to be untrue. We measure up, not down. We measure the less by the greater, not the greater by the less. When, therefore, some unknown or little known article is ranged up for measurement by a well known standard article, the very fact of such measurement and comparison, stamps the substitute as a lesser thing than the standard article with which it is compared.

But this is only half the truth. By this we prove the claim just as good to be a falsehood, but the extent of that falsehood it is impossible to estimate. "Just as good," means, in general, adulteration in place of purity, an uncertain quality instead of a certain quality, cheap material instead of good material. And beyond all this the adulterants may be not simply make weights and cheats, but in some cases may be dangerous poisons.

When the dealer says "just as good," ask yourself "just as good" for whom? You will find in the answer to that question the motive of substitution, which is the extra profit paid the dealer by the sale of the substitutes and

The Making of Good Coffee

Begins in the growing. Anywhere between the plantation and the coffee pot the flavor may be changed, the quality spoiled by carelessness, inexperience, or unscrupulous methods. From the time Arbuckles' Coffee leaves the hands of the grower until it reaches the user in a sealed packet, it is handled with the same watchful care, the same thought for cleanliness, that you would give any article of food that goes on your table. That's the reason it costs the grocer a cent a pound more than its cheap imitations. The extra cent you pay for

ARBUCKLES' Roasted Coffee

buys much more than a cent's worth of quality and strength. A pound of Arbuckles' Coffee will give you more cupsful of better coffee than you would get from other package coffees.

Be sure you get Arbuckles' Roasted Coffee. Other package coffees are but imitations of Arbuckles'.

In each pound package of Arbuckles' Roasted Coffee there is a list of articles. With each package in which the list is found the purchaser has bought a definite part of some article to be selected by him or her from the list, subject only to the condition that the signature on the package is to be cut out and returned to our Notion Dept. You should see this list. Address all communications to

BADLY BURNED.

We regret to learn that the two year old daughter of Mr. Fred Hollis, jr., was badly burned at the home of her parents on Shelby street yesterday morning. The little one was playing with a hearthroom and stuck in the fire when her clothing ignited and her face and head were burned. Her condition is critical.

Reports show a greatly increased death rate from throat and lung troubles, due to the prevalence of croup, pneumonia and grippe. We advise the use of One Minute Cough Cure in all of these difficulties. It is the only harmless remedy that gives immediate results. Children like it. South & Longmoor and W. McKee Hardie.

A THOUGHTFUL AND KINDLY ACT.

For some time Mr. W. W. Longmoor has had quite a museum in the way of curiosities taken from southern waters. He recently donated the collection to the City Schools. Among the curios are an alligator four feet long; two smaller ones; several alligator eggs; a hammer-head shark; a sea horse; a saw fish; and a number of others, which we do not now remember. Of course these are all handsomely mounted.

We are sure we voice the sentiments of every one when we commend our handsome young friend for this valuable gift. It is one that is highly appreciated by the teachers and scholars, and will be a valuable aid in the work of the schools.

We hope others, who have collections of a similar character, will do the graceful act and follow Mr. Longmoor's example.

Like bad dollars, all counterfeits of DeWitt's Witch Hazel Salve are worthless. The original quickly cures piles, sores and all skin diseases. South & Longmoor and W. McKee Hardie.

LAST BEFORE LENT.

On Tuesday night the last German of the ante-leten season was given by the Frankfort German Club. It was led by Mr. Harry Tandy and wife. It was largely attended by pretty girls and gallant beaux, and greatly enjoyed.

A powerful engine can not be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach can not digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and simply can't help but do you good. South & Longmoor and W. McKee Hardie.

SICK CITIZEN.

For quite awhile there has been a man with a glib tongue visiting the residences of this city offering tablecloths and towels for sale. He has the tablecloths and a sample of the towels with him. He asks a good price for the tablecloths, which he sells and delivers at once, but, as an inducement for purchasers, he offers the towels at ridiculously low figures, for future delivery, conditioned upon the purchase of the tablecloths. Several persons bought tablecloths at high figures and are now awaiting the delivery of the towels, which have failed to materialize.

There are many ways of working good people, but this is a very slick one, to say the least.

FOR SALE AND RENT.

Having decided to quit business I offer for sale my entire stock at COST. I also desire to rent my building.

LOW RATES.

On account of the inauguration, the Chesapeake & Ohio Railway will sell round trip tickets to Washington and Baltimore from all stations on March 1st, 2nd and 3rd at one fare for the round trip, \$14.55 from Lexington, good to return until March 8th.

A rate of one cent per mile each way, (\$11.50 from Lexington) will be made for uniformed military organizations traveling in a body. This will afford an opportunity to make a cheap trip to New York, as the round trip rate from Washington to New York is but \$10.00. The C. & O. has the fastest trains each way daily.

Persons contemplating the trip are requested to send in their names for sleeper reservations at once.

GEORGE W. BARNEY, Div. Pass. Agent, Lexington, Ky.

NARROW ESCAPE.

While assisting in removing horses from the big Thompson fire on Tuesday, Thos. Alcorn, colored, came near losing his life. The smoke was so dense that he was forced to go to a small window on the east side of the building, breaking the glass and put his head through. Mr. Pat Newman and some others saw Alcorn and put a ladder up to the window and pulled him out just in time.

HOW TO CURE THE GRIP.

Remain quietly at home and take Chamberlain's Cough Remedy as directed and a quick recovery is sure to follow. That remedy counteracts any tendency of the grip to result in pneumonia, which is only the real serious danger. Among the tens of thousands who have used it for the grip not one case has ever been reported that did not recover. For sale by J. W. Gayle.
